History

This space was originally the Council Chamber of the former County Hall acquired by Christ's College, in 1983 the Auditorium was later named in honour of Sir John Plumb, FBA (1911–2001).

A distinguished historian of modern English history, Sir John was a Fellow of the College from 1946 to 1978 and served as Master from 1978 to 1982. During the Second World War, he worked as an analyst in the ULTRA signals intelligence operation at Bletchley Park, later becoming a leading authority on the Stuart and Georgian periods and a prolific academic writer.
