CHRIST'S COLLEGE

History

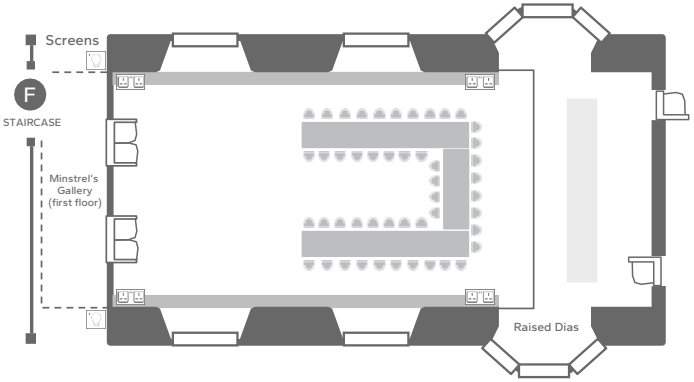

The Hall at Christ's College dates back to the early 1500s and is one of the College's oldest and most atmospheric spaces, where generations of students have dined.

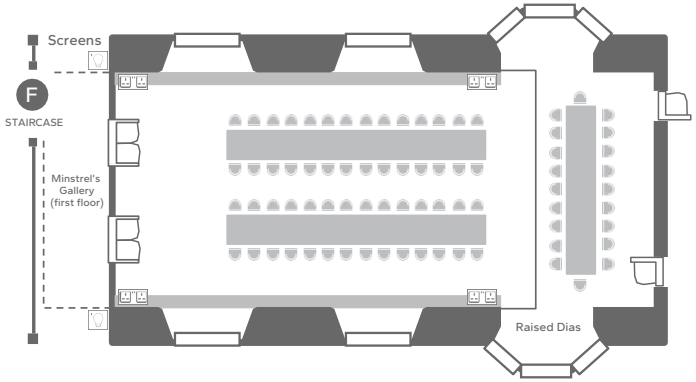

During the rebuilding in 1875, the walls were made higher to create a lighter, more spacious feel, and the beautiful oriel window was added. This window features stained glass showing important figures from the College's history.

Today, the Hall beautifully combines its Tudor origins with Victorian craftsmanship, creating a space full of history, warmth, and character.
